AGREE AND DECIDE AS FOLLOWS:

ART. 1 OBJECTIVES

The Company accepts the trainee (undergraduate or graduate up to eighteen months) within its organization for an internship programme. This training programme is intended as the achievement of the academic path through a direct knowledge of the business world which facilitates the trainee's professional choice.

ART. 2 TERMS AND DURATION

The internship is not in any event to be considered as an employment relationship and it can only pursue the aims of personal education and business knowledge.

The internship will have a maximum duration of 12 months or 24 months for students with special needs. In the case of those programs which require University Credits (CFUs), the period of internship will be determined by the Department Regulations (Regolamento del Corso di studio) where the student is enrolled.

ART. 3 INTERNSHIP PROJECT

The content, the duration, the dates and terms of the internship are detailed in the Training Project compiled on the basis of this Agreement. It will contain the trainee's name, the hosting Body tutor's name, the University tutor's name and the insurance policies details.

The Internship Project must be signed (for acceptance) by the University tutor, the Company tutor and the trainee.

The trainee activity will be monitored throughout the internship both by the Company tutor and the University tutor. The trainee will refer to the Company tutor for any request concerning the organizational activities of the internship.

ART. 4 TRAINEE DUTIES

During the training period, the intern commits himself/herself to:

- carry out the duties described in the Training Project;
- attend the hours indicated in the Training project; respect all the rules and regulations in use by the Company, including the hygiene, health and safety regulations in the working environment;
- be bound by professional secrecy both during and after his/her internship with regard to data and information about products or processes of the host company that he/she may become aware of during the internship;
- draw up a final report on the activity and take part in all the monitoring activities organized by the University

ART. 5 COMPANY DUTIES

The Company undertakes to:

- respect and have the training project respected in all its aspects (aims, contents, the time and methods);
- promptly inform the University on accidents of any sort that may occur to the trainee and any possible early termination of the internship;

ART. 6 INSURANCE

The trainee is covered with insurance against any risk of accident that can occur during the activities in situ (insurance policy INAIL under State Laws against work accidents and civil liability cover).

He/she is also covered with accident insurance provided by the University.

In case of accident during the internship, the trainee is committed to promptly report it to the Company and send to the University the required documentation including a medical certificate indicating the prognosis.

ART. 7 UNIVERSITY DUTIES

The University is committed to notify the competent Italian Regional and Local Labour and Social Security Authorities and the Local or National Trade representatives of every internship agreement put into effect.

ART. 8 VALIDITY OF THE AGREEMENT

This agreement has a duration of two years starting from the date reported below and is tacitly renewed unless otherwise stated by the parties within six months from the expiry date.

ART. 9 FOR ANY ASPECT NOT COVERED

For all issues not covered by this Agreement the Parties will rely on the "Legge n. 196/1997", "Decreto Legislativo n. 142/1998" and "Decreto Ministeriale n. 509/1999" and "Decreto Ministeriale n. 270/2004".

ART. 10 REGISTRATION

The expenses of the tax will be paid by the Department. This agreement will be registered only in case of use at expenses of those who are interested in accordance with art. 4 "Tariffa Parte II" within the DPR 131/86.
