

5 anno

Periodo 17 - 21 febbraio 2020 Le Aule sono specificate nella legenda per ciascun modulo

1a settimana

ora	lunedì	martedì	mercoledì	giovedì	venerdì
8,30-9,30			Chemical residues	Diagnostics infect. disease	
9,30-10,30		Clinical neuropathology	Chemical residues	Diagnostics infect. disease	
10,30-11,30		Clinical neuropathology	Chemical residues	Diagnostics infect. disease	
11,30-12,30		Clinical neuropathology	Chemical residues AP	Diagnostics infect. disease AP	
12,30-13,30		Clinical neuropathology AP	Chemical residues AP	Diagnostics infect. disease AP	
14,30-15,30	Veterinary fungal diseases	Loco-regional anaesthesia	Business and Management	Medicina interna	
	Chirurgia d'urgenza	Valutazione morfofunzionale		Reproductive technologies	
15,30-16,30	Veterinary fungal diseases	Loco-regional anaesthesia	Business and Management	Medicina interna	
	Chirurgia d'urgenza	Valutazione morfofunzionale		Reproductive technologies	
16,30-17,30	Small animal oncology	Loco-regional anaesthesia	Reproductive technologies	Medicina interna AP	
	Chirurgia d'urgenza			Reproductive technologies AP	
17,30-18,30	Small animal oncology	Loco-regional anaesthesia	Reproductive technologies	Medicina interna AP	
				Reproductive technologies AP	

Periodo

24- 28 febbraio 2020

2a settimana

ora	lunedì	martedì	mercoledì	giovedì	venerdì
8,30-9,30			Chemical residues	Diagnostics infect. disease	
9,30-10,30		Clinical neuropathology	Chemical residues	Diagnostics infect. disease	
10,30-11,30		Clinical neuropathology	Chemical residues	Diagnostics infect. disease	
11,30-12,30		Clinical neuropathology	Chemical residues AP	Diagnostics infect. disease AP	
12,30-13,30		Clinical neuropathology AP	Chemical residues AP	Diagnostics infect. disease AP	
14,30-15,30	Veterinary fungal diseases	Loco-regional anaesthesia	Business and Management	Medicina interna	
	Chirurgia d'urgenza	Valutazione morfofunzionale		Reproductive technologies	
15,30-16,30	Veterinary fungal diseases	Loco-regional anaesthesia	Business and Management	Medicina interna	
	Chirurgia d'urgenza	Valutazione morfofunzionale		Reproductive technologies	
16,30-17,30	Small animal oncology	Loco-regional anaesthesia	Reproductive technologies	Medicina interna AP	
	Chirurgia d'urgenza			Reproductive technologies AP	
17,30-18,30	Small animal oncology	Loco-regional anaesthesia	Reproductive technologies	Medicina interna AP	
				Reproductive technologies AP	

Periodo

2 - 6 marzo 2020

3a settimana

ora	lunedì	martedì	mercoledì	giovedì	venerdì
8,30-9,30		Clinical neuropathology	Chemical residues	Diagnostics infect. disease	
9,30-10,30		Clinical neuropathology	Chemical residues	Diagnostics infect. disease	
10,30-11,30		Clinical neuropathology	Chemical residues	Diagnostics infect. disease	
11,30-12,30		Clinical neuropathology AP	Chemical residues AP	Diagnostics infect. disease AP	
12,30-13,30		Clinical neuropathology AP	Chemical residues AP	Diagnostics infect. disease AP	
14,30-15,30	Veterinary fungal diseases	Loco-regional anaesthesia	Business and Management	Large animal internal med.	Small animal oncology AP
	Chirurgia d'urgenza	Valutazione morfofunzionale		Medicina interna	
15,30-16,30	Veterinary fungal diseases	Loco-regional anaesthesia	Business and Management	Large animal internal med.	Small animal oncology AP
	Chirurgia d'urgenza	Valutazione morfofunzionale		Medicina interna	
16,30-17,30	Small animal oncology	Loco-regional anaesthesia	Reproductive technologies	Large animal internal med.	Small animal oncology AP
	Chirurgia d'urgenza			Medicina interna AP	
17,30-18,30	Small animal oncology	Loco-regional anaesthesia	Reproductive technologies	Large animal internal med.	Small animal oncology AP
				Medicina interna AP	

Periodo

9 - 13 marzo 2020

4a settimana

ora	lunedì	martedì	mercoledì	giovedì	venerdì
8,30-9,30		Clinical neuropathology	Chemical residues	Diagnostics infect. disease	
9,30-10,30		Clinical neuropathology	Chemical residues	Diagnostics infect. disease	
10,30-11,30		Clinical neuropathology	Chemical residues	Diagnostics infect. disease	
11,30-12,30		Clinical neuropathology AP	Chemical residues AP	Diagnostics infect. disease AP	
12,30-13,30		Clinical neuropathology AP	Chemical residues AP	Diagnostics infect. disease AP	
14,30-15,30	Veterinary fungal diseases	Loco-regional anaesthesia	Business and Management	Large animal internal med.	Veterinary fungal diseases AP
	Chirurgia d'urgenza	Valutazione morfofunzionale		Medicina interna	
15,30-16,30	Veterinary fungal diseases	Loco-regional anaesthesia	Business and Management	Large animal internal med.	Veterinary fungal diseases AP
	Chirurgia d'urgenza	Valutazione morfofunzionale		Medicina interna	
16,30-17,30	Small animal oncology	Loco-regional anaesthesia	Reproductive technologies	Large animal internal med.	Veterinary fungal diseases AP
	Chirurgia d'urgenza			Medicina interna AP	
17,30-18,30	Small animal oncology	Loco-regional anaesthesia	Reproductive technologies	Large animal internal med.	Veterinary fungal diseases AP
				Medicina interna AP	

Periodo

16 - 20 marzo 2020

5a settimana

ora	lunedì	martedì	mercoledì	giovedì	venerdì
8,30-9,30		Clinical neuropathology	Chemical residues	Diagnostics infect. disease	
9,30-10,30		Clinical neuropathology	Chemical residues	Diagnostics infect. disease	
10,30-11,30		Clinical neuropathology	Chemical residues	Diagnostics infect. disease	
11,30-12,30		Clinical neuropathology AP	Chemical residues AP	Diagnostics infect. disease AP	
12,30-13,30		Clinical neuropathology AP	Chemical residues AP	Diagnostics infect. disease AP	
14,30-15,30	Veterinary fungal diseases	Loco-regional anaesthesia	Chirurgia d'urgenza AP	Large animal internal med.	Small animal oncology AP
	Chirurgia d'urgenza	Valutazione morfofunzionale	Business and Management	Medicina interna	
15,30-16,30	Veterinary fungal diseases	Loco-regional anaesthesia	Chirurgia d'urgenza AP	Large animal internal med.	Small animal oncology AP
	Chirurgia d'urgenza	Valutazione morfofunzionale	Business and Management	Medicina interna	
16,30-17,30	Small animal oncology	Loco-regional anaesthesia	Chirurgia d'urgenza AP	Large animal internal med.	Small animal oncology AP
	Chirurgia d'urgenza			Medicina interna AP	
17,30-18,30	Small animal oncology	Loco-regional anaesthesia	Chirurgia d'urgenza AP	Large animal internal med.	Small animal oncology AP
				Medicina interna AP	

Periodo

23 - 27 marzo 2020

6a settimana

ora	lunedì	martedì	mercoledì	giovedì	venerdì
8,30-9,30		Clinical neuropathology	Chemical residues	Diagnostics infect. disease	Valutazione morfofunzionale AP
9,30-10,30		Clinical neuropathology	Chemical residues	Diagnostics infect. disease	Valutazione morfofunzionale AP
10,30-11,30		Clinical neuropathology	Chemical residues	Diagnostics infect. disease	Valutazione morfofunzionale AP
11,30-12,30		Clinical neuropathology AP	Chemical residues AP	Diagnostics infect. disease AP	Valutazione morfofunzionale AP
12,30-13,30		Clinical neuropathology AP	Chemical residues AP	Diagnostics infect. disease AP	Valutazione morfofunzionale AP
14,30-15,30	Veterinary fungal diseases	Loco-regional anaesthesia	Business and Management	Large animal internal med.	Veterinary fungal diseases AP
	Chirurgia d'urgenza	Valutazione morfofunzionale	Animal welfare	Medicina interna	
15,30-16,30	Veterinary fungal diseases	Loco-regional anaesthesia	Business and Management	Large animal internal med.	Veterinary fungal diseases AP
	Chirurgia d'urgenza	Valutazione morfofunzionale	Animal welfare	Medicina interna	
16,30-17,30	Small animal oncology	Loco-regional anaesthesia AP	Reproductive technologies	Large animal internal med.	Veterinary fungal diseases AP
	Chirurgia d'urgenza		Animal welfare	Medicina interna AP	
17,30-18,30	Small animal oncology	Loco-regional anaesthesia AP	Reproductive technologies	Large animal internal med.	Veterinary fungal diseases AP
				Medicina interna AP	

ora	lunedì	martedì	mercoledì	giovedì	venerdì
8,30-9,30		Clinical neuropathology	Chemical residues	Diagnostics infect. disease	Valutazione morfofunzionale LFS
9,30-10,30		Clinical neuropathology	Chemical residues	Diagnostics infect. disease	Valutazione morfofunzionale LFS
10,30-11,30		Clinical neuropathology	Chemical residues	Diagnostics infect. disease	Valutazione morfofunzionale LFS
11,30-12,30		Clinical neuropathology AP	Chemical residues AP	Diagnostics infect. disease AP	Valutazione morfofunzionale LFS
12,30-13,30		Clinical neuropathology AP	Chemical residues AP	Diagnostics infect. disease AP	Valutazione morfofunzionale LFS
14,30-15,30	Veterinary fungal diseases	Loco-regional anaesthesia	Chirurgia d'urgenza AP	Large animal internal med.	Small animal oncology AP
	Chirurgia d'urgenza	Valutazione morfofunzionale	Animal welfare	Medicina interna	
			Business and Management		
15,30-16,30	Veterinary fungal diseases	Loco-regional anaesthesia	Chirurgia d'urgenza AP	Large animal internal med.	Small animal oncology AP
	Chirurgia d'urgenza	Valutazione morfofunzionale	Animal welfare	Medicina interna	
			Business and Management		
16,30-17,30	Small animal oncology	Loco-regional anaesthesia AP	Chirurgia d'urgenza AP	Large animal internal med.	Small animal oncology AP
	Chirurgia d'urgenza		Animal welfare	Medicina interna AP	
17,30-18,30	Small animal oncology	Loco-regional anaesthesia AP	Chirurgia d'urgenza AP	Large animal internal med.	Small animal oncology AP
				Medicina interna AP	

**Periodo**

**Prove in itinere o**

**esami di profitto**

**Sospensione didattica**

**di Ateneo**

Periodo

13 - 19 aprile 2020

Settimana sospensione

didattica frontale

ora

lunedì

martedì

mercoledì

giovedì

venerdì

8,30-9,30		Sospensione didattica	Prove in itinere o		
9,30-10,30					
10,30-11,30					
11,30-12,30					
12,30-13,30					
14,30-15,30		di Ateneo	esami di profitto		
15,30-16,30					
16,30-17,30					
17,30-18,30					

Periodo

20 - 24 aprile 2020

8a settimana

ora	lunedì	martedì	mercoledì	giovedì	venerdì
8,30-9,30			Chemical residues	Diagnostics infect. disease	Business and Management AP
9,30-10,30		Clinical neuropathology	Chemical residues	Diagnostics infect. disease	Business and Management AP
10,30-11,30		Clinical neuropathology	Chemical residues	Diagnostics infect. disease	Business and Management AP
11,30-12,30		Clinical neuropathology	Chemical residues AP	Diagnostics infect. disease AP	Business and Management AP
12,30-13,30			Chemical residues AP	Diagnostics infect. disease AP	Business and Management AP
14,30-15,30	Veterinary fungal diseases	Loco-regional anaesthesia	Business and Management	Large animal internal med.	Veterinary fungal diseases AP
	Chirurgia d'urgenza	Valutazione morfofunzionale	Animal welfare	Medicina interna	
15,30-16,30	Veterinary fungal diseases	Loco-regional anaesthesia	Business and Management	Large animal internal med.	Veterinary fungal diseases AP
	Chirurgia d'urgenza	Valutazione morfofunzionale	Animal welfare	Medicina interna	
16,30-17,30	Small animal oncology	Loco-regional anaesthesia AP	Reproductive technologies	Large animal internal med.	Veterinary fungal diseases AP
	Chirurgia d'urgenza		Animal welfare	Medicina interna AP	
17,30-18,30	Small animal oncology	Loco-regional anaesthesia AP	Reproductive technologies	Large animal internal med.	Veterinary fungal diseases AP
				Medicina interna AP	

Periodo 27 aprile - 1 maggio 2020

9a settimana

ora	lunedì	martedì	mercoledì	giovedì	venerdì
8,30-9,30					
9,30-10,30		Clinical neuropathology AP	Chemical residues AP	Diagnostics infect. disease AP	
10,30-11,30		Clinical neuropathology AP	Chemical residues AP	Diagnostics infect. disease AP	
11,30-12,30		Clinical neuropathology AP	Chemical residues AP	Diagnostics infect. disease AP	
12,30-13,30		Clinical neuropathology AP	Chemical residues AP	Diagnostics infect. disease AP	
14,30-15,30	Veterinary fungal diseases	Loco-regional anaesthesia	Chirurgia d'urgenza AP	Large animal internal med.	
	Chirurgia d'urgenza	Valutazione morfofunzionale	Business and Management	Medicina interna	
15,30-16,30	Veterinary fungal diseases	Loco-regional anaesthesia	Chirurgia d'urgenza AP	Large animal internal med.	
	Chirurgia d'urgenza	Valutazione morfofunzionale	Business and Management	Medicina interna	
16,30-17,30	Small animal oncology	Loco-regional anaesthesia AP	Chirurgia d'urgenza AP	Large animal internal med.	
				Medicina interna AP	
17,30-18,30	Small animal oncology	Loco-regional anaesthesia AP	Chirurgia d'urgenza AP	Large animal internal med.	
				Medicina interna AP	

Periodo 4 - 8 maggio 2020

10a settimana

ora	lunedì	martedì	mercoledì	giovedì	venerdì
8,30-9,30					Business and Management AP
9,30-10,30		Clinical neuropathology AP			Business and Management AP
10,30-11,30		Clinical neuropathology AP			Business and Management AP
11,30-12,30		Clinical neuropathology AP			Business and Management AP
12,30-13,30		Clinical neuropathology AP			Business and Management AP
14,30-15,30	Veterinary fungal diseases	Loco-regional anaesthesia	Business and Management	Large animal internal med.	Small animal oncology AP
		Valutazione morfofunzionale	Animal welfare	Medicina interna	
15,30-16,30	Veterinary fungal diseases	Loco-regional anaesthesia	Business and Management	Large animal internal med.	Small animal oncology AP
		Valutazione morfofunzionale	Animal welfare	Medicina interna	
16,30-17,30	Small animal oncology	Loco-regional anaesthesia AP	Reproductive technologies	Large animal internal med. AP	Small animal oncology AP
			Animal welfare	Medicina interna AP	
17,30-18,30	Small animal oncology	Loco-regional anaesthesia AP	Reproductive technologies	Large animal internal med. AP	Small animal oncology AP
				Medicina interna AP	

Periodo

11 - 15 maggio 2020

11a settimana

ora	lunedì	martedì	mercoledì	giovedì	venerdì
8,30-9,30					Business and Management AP
9,30-10,30					Business and Management AP
10,30-11,30					Business and Management AP
11,30-12,30					Business and Management AP
12,30-13,30					Business and Management AP
14,30-15,30	Veterinary fungal diseases	Valutazione morfofunzionale	Chirurgia d'urgenza AP	Large animal internal med. AP	Veterinary fungal diseases AP
			Animal welfare	Medicina interna	
15,30-16,30	Veterinary fungal diseases	Valutazione morfofunzionale	Chirurgia d'urgenza AP	Large animal internal med. AP	Veterinary fungal diseases AP
			Animal welfare	Medicina interna	
16,30-17,30	Small animal oncology	Reproductive technologies	Chirurgia d'urgenza AP	Large animal internal med. AP	Veterinary fungal diseases AP
			Animal welfare		
17,30-18,30	Small animal oncology	Reproductive technologies	Chirurgia d'urgenza AP		Veterinary fungal diseases AP

Periodo 18 - 22 maggio 2020

12a settimana

ora	lunedì	martedì	mercoledì	giovedì	venerdì
8,30-9,30					Business and Management AP
9,30-10,30					Business and Management AP
10,30-11,30					Business and Management AP
11,30-12,30					Business and Management AP
12,30-13,30					Business and Management AP
14,30-15,30	Veterinary fungal diseases	Animal welfare	Business and Management	Large animal internal med. AP	Small animal oncology AP
		Valutazione morfofunzionale	Animal welfare	Medicina interna	
15,30-16,30	Veterinary fungal diseases	Animal welfare	Business and Management	Large animal internal med. AP	Small animal oncology AP
		Valutazione morfofunzionale	Animal welfare	Medicina interna	
16,30-17,30	Small animal oncology	Animal welfare	Reproductive technologies	Large animal internal med. AP	Small animal oncology AP
			Animal welfare		
17,30-18,30	Small animal oncology		Reproductive technologies		Small animal oncology AP

ora	lunedì	martedì	mercoledì	giovedì	venerdì
8,30-9,30				Valutazione morfofunzionale LFS	
					Animal welfare AP
9,30-10,30				Valutazione morfofunzionale LFS	
					Animal welfare AP
10,30-11,30				Valutazione morfofunzionale LFS	
					Animal welfare AP
11,30-12,30				Valutazione morfofunzionale LFS	
					Animal welfare AP
12,30-13,30				Valutazione morfofunzionale LFS	
					Animal welfare AP
14,30-15,30	Reproductive technologies AP	Reproductive technologies AP	Business and Management	Large animal internal med. AP	Veterinary fungal diseases AP
		Animal welfare	Animal welfare		
15,30-16,30	Reproductive technologies AP	Reproductive technologies AP	Business and Management	Large animal internal med. AP	Veterinary fungal diseases AP
		Animal welfare	Animal welfare		
16,30-17,30	Reproductive technologies AP	Reproductive technologies AP	Reproductive technologies		Veterinary fungal diseases AP
		Animal welfare	Animal welfare		
17,30-18,30	Reproductive technologies AP	Reproductive technologies AP	Reproductive technologies		Veterinary fungal diseases AP

Periodo

1 - 5 giugno 2020

14a settimana

ora	lunedì	martedì	mercoledì	giovedì	venerdì
8,30-9,30					Valutazione morfofunzionale LFS
					Animal welfare AP
9,30-10,30					Valutazione morfofunzionale LFS
					Animal welfare AP
10,30-11,30					Valutazione morfofunzionale LFS
					Animal welfare AP
11,30-12,30					Valutazione morfofunzionale LFS
					Animal welfare AP
12,30-13,30					Valutazione morfofunzionale LFS
					Animal welfare AP
14,30-15,30			Reproductive technologies LFS	Reproductive technologies AP	
			Animal welfare		
15,30-16,30			Reproductive technologies LFS	Reproductive technologies AP	
			Animal welfare		
16,30-17,30			Reproductive technologies LFS	Reproductive technologies AP	
			Animal welfare		
17,30-18,30			Reproductive technologies LFS	Reproductive technologies AP	

**LEGENDA: AP = ATTIVITA' PRATICA - LFS = LEZIONI FUORI SEDE**

**Approfondimenti di medicina interna del cane e del gatto - 3 CFU: Prof.ssa Veronica Marchetti**

24 ore didattica teorica - 20 ore didattica pratica

**S.Piero - Sala Lettura (Nera)**

**Chirurgia d'urgenza - 3 CFU: Prof.ssa Angela Briganti**

26 ore didattica teorica - 16 ore didattica pratica

**S.Piero - Sala Lettura (Nera)**

**Valutazione morfofunzionale: 3 CFU: Prof.ssa Mina Martini**

24 ore didattica teorica - 20 ore didattica pratica

**Pisa - Aula D**

**Advanced knowledge in business and management of veterinary - 3 CFU: Prof. Francesco Di Iacovo**

24 ore didattica teorica - 20 ore didattica pratica

**S.Piero - Sala Lettura (Nera)**

**Animal welfare and ethics in the relationship with the human being - 4 CFU: Prof. Angelo Gazzano**

30 ore didattica teorica - 10 ore didattica pratica

**Pisa - Aula D**

**Clinical neuropathology - 3 CFU: Prof. Carlo Cantile**

24 ore didattica teorica - 20 ore didattica pratica

**Pisa - Aula D**

**Small animal oncology - 3 CFU: Prof. Alessandro Poli**

24 ore didattica teorica - 20 ore didattica pratica

**Pisa - Aula D**

**Diagnostics for infectious disease- 3 CFU: Prof. Maurizio Mazzei**

24 ore didattica teorica - 20 ore didattica pratica

**Pisa - Aula D**

**Veterinary fungal diseases - 3 CFU: Prof.ssa Francesca Mancianti**

24 ore didattica teorica - 20 ore didattica pratica

**Pisa - Aula D**

**Chemical residues in food of animal origin - 3 CFU: Prof.Luigi Intorre**

24 ore didattica teorica - 20 ore didattica pratica

**S.Piero - Sala Lettura (Bianca)**

**Advanced assessment in Large animal internal medicine - 3 CFU: Prof.ssa Micaela Sgorbini**

30 ore didattica teorica - 10 ore didattica pratica

**S.Piero - Sala Lettura (Bianca)**

**Loco-regional anaesthesia advanced techniques - 3 CFU: Prof.ssa Angela Briganti**

30 ore didattica teorica - 10 ore didattica pratica

**S.Piero - Sala Lettura (Nera)**

**Advanced Reproductive technologies in domestic mammals - 3 CFU: Prof.ssa Alessandra Rota**

24 ore didattica teorica - 20 ore didattica pratica

**S.Piero - Sala Lettura (Nera)**
